1. Executive Summary

For the past several years, my community has been struggling when it comes to transportation because of the consequences that they are facing. The transportation of important things around the community. The Komdima Trading 90s Trading PTY LTD Company was designed to deal with all these issues around the community at a certain cost. The Komdima 90s Trading Company deals with transportation and logistics, supplier of the cleaning material and construction, and lastly it supplies the stationer in all schools around the area. The Company is already operating and active. The Komdima 90S trading company vision was to resolve all these issues.

The purpose of this project is to make things easier to people around the community and other areas so that they can be able to get services that are offered by the Komdima 90s Trading. This project will make it possible for the people (customers) to send the order of the service they require at that certain time online. The project will make it easy for the customer in such a way that they don't have to always go to Komdima 90S trading offices to place orders for service they require. This project will allow them to do all that online.

2. Project Description

2.1 Background

As the Komdima 90S Trading Company was in control of every transportation around the area, other areas they became interested in the services that the Komdima 90 Trading Company offers to community. The Komdima 90S Trading Company right now is working for lot of areas. The problem is that it cost a lot of money for people from far to come to offices for orders. The purpose of this project is to make things easier to people around the community and other areas so that they can be able to get services that are offered by the Komdima 90s Trading. This project will make it possible for the people (customers) to send the order of the service they require at that certain time online. The project will make it easy for the customer in such a way that they don't have to always go to Komdima 90S trading offices to place orders for service they require. This project will allow them to do all that online.

2.2 Goal

The goal of this project is to increase the communication between all the customers / people around all the areas that require any service from Komdima 90S Trading Company and the Company. Increasing the communication between the customer and the Company will have the positive effect on the company.

2.3 Objectives

What we want to achieve is to make all the customer interact with the company more easily, and that will increase the number of customer in the company.

2.4 Project Description

This project will allow all the customers to do all the bookings concerning the service they require online, and that will increase the communication between the customer and the company. The project will also be able to keep records of customers.
